NAVA LIMITED
(Formerly Nava Bharat Ventures Ltd.)

Environment Policy

We, at Nava Limited **("Nava")**, are committed for continual improvement of our environment performance to protect our environment and save earth by preventing pollution during our operations and services.

We would ensure that our environment is protected by effective management of our environment aspects by avoiding, reducing and controlling activities causing environment pollution, waste of energy and resources.

To achieve this, we commit ourselves to:

- Comply with application Statutory, Regulatory and other requirements.
- Selection of materials or consumables considering environment friendly.
- Conservation of natural resources like fuel, water and energy through optimal usage.
- Be responsible neighbor in the community where we operate, in promoting healthy environment practices.
- Evaluate continual improvement of Environment performance using Environment objectives, targets and programs.
- Impart necessary awareness and training to employees and associates at all levels.
