

Health and Safety Policy

We, at Nava Limited (“Nava”) firmly believes that Health & Safety of our employees, associates and visitors is of utmost importance to the company and an important factor for productivity.

We are dedicated towards becoming a “Safety Conscious Company” and we do believe that prevention of accidents is an integral part of business management in achieving the desired goals of the organisation.

To achieve this, we are committed to:

- Be proactive in understanding and taking actions to avoid health and safety hazards/ emergencies.
- Adopt practices, workplaces design, tools and technological solutions to avoid health and safety related incidents.
- Involves our employees, contractors and associates in identifying, monitoring and achieving our safety norms and fully understanding human factors.
- Comply with legal requirements of other interested parties related to Health and Safety.
- Conduct internal safety awareness programs, audit & mock drills to ensure compliance of the set norms.
- Comply with the requirements and continually improve the effectiveness of occupationally Health and Safety Management system.
